BACKGROUND INFORMATION AND ADMINISTRATIVE CONSIDERATION

Won-Door Corporation was the vendor used to provide the fire doors in the lobby and all wings of the Eastmont Junior High Facility. The motors and controllers of these doors have reached their end of life and need to be replaced in order for these doors to operate as designed. Won-Door Corporation is the sole proprietor of the parts and labor required. The quote provided for this work is \$50,376.56 and is exclusive of Washington State sales tax.

In order to protect the health and safety of the students, we are recommending that we proceed with this repair work as soon as we can. The cost would be accounted for in the District's Capital Project Fund as this is a long-term investment in the facility.

BACKGROUND INFORMATION AND ADMINISTRATIVE CONSIDERATION

Due to the shortage of bus drivers and the need to provide transportation that complies with Department of Health regulations, the District has been looking for opportunities to increase our fleet of motor pool vehicles. In addition, we are looking for vehicles that can accommodate long-term transportation needs for all students.

Schetky Northwest Sales has provided a quote for a new Ford Transit T150 van that can accommodate transportation of general and special education students. This would be used for both school day transportation as well as extra-curricular transportation needs. The estimated cost of the van is \$61,000. This purchase is within the budget for equipment in the District's General Fund.

| Subject: | Monthly Budget Status Report – January 2021 |

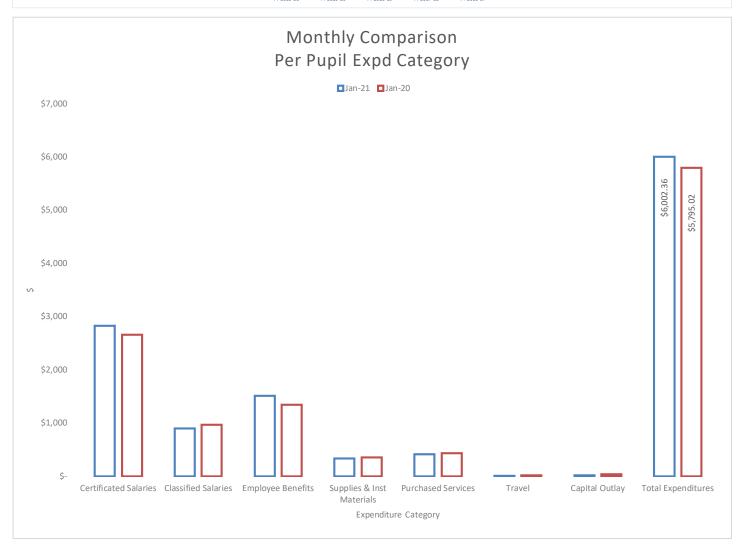

The information contained in this report is for the fiscal beginning September 1, 2020 through January 31, 2020 (41.6% through fiscal year). Highlights of operating revenue and expenditures are:

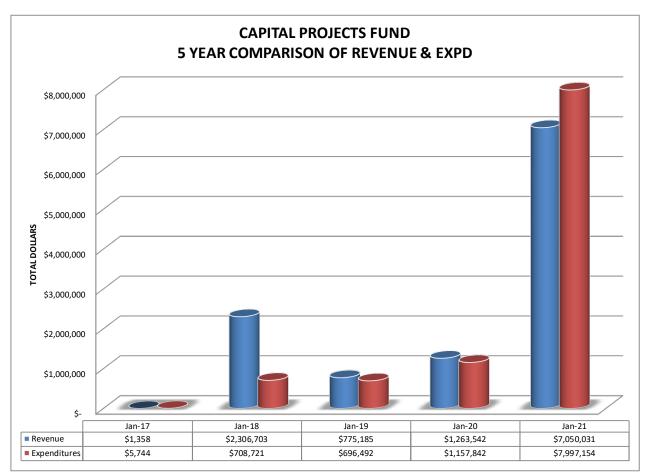

- <u>General Fund</u>:
 - Year to date revenues total \$33.1 million, or 37.7% of budget. This is \$689,257 more than what was received at the same time last year.
 - Property tax collections through January account for the majority of increased revenue. Year to date collections are \$1.5 million more than what was received at the same time last year.
 - Local Nontax revenue is \$504,038 less than last year. Local Food sales represent the major revenue loss in this category.
 - Year to date expenditures total \$34.5 million, or 38.3% of budget. This is \$3,896 more than at the same time the previous year. 87% of year to date expenditures are for personnel costs.
 - Fund balance at the beginning of the year is \$2.2 million more than estimated when the budget was developed. Assuming that we remain in a hybrid service model, we anticipate:
 - State revenue will be \$1.5 million less in revenue due to the decline in student enrollment in all state funded programs (150 less than budgeted). While we expect total expenditures to also be less than projected, we anticipate expenditures will exceed revenues and we will use our reserves.
 - Amount and timing of additional federal funds will alter this projection.
- <u>ASB Fund:</u>
 - Revenues are 90% and expenditures are 83% less than the prior year. This is due to COVID 19 as we have not been able to allow any extra-curricular activities to occur. No fees, or fundraising revenue have been collected, and only required expenses have been paid.
- <u>Capital Projects Fund:</u>
 - OSPI K3 Grant reimbursement totals \$9.7 million for Elementary Phase 1 construction. Project costs from the beginning of the project (2016) through this period total \$14.2 million.
- Transportation Vehicle Fund:
 - Local revenue is less due the decline in investment earnings. Investment rates are much less than they were last year.

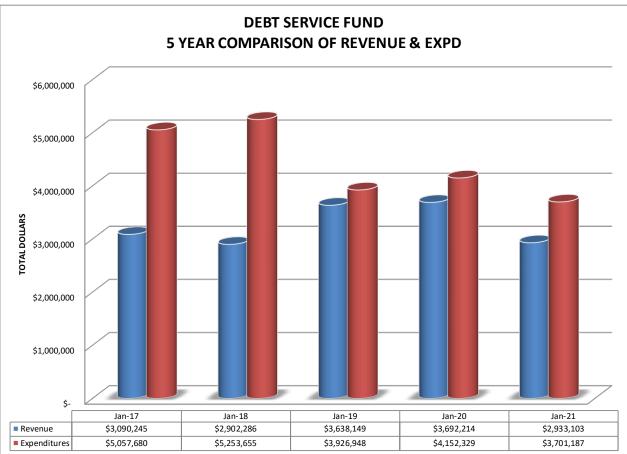

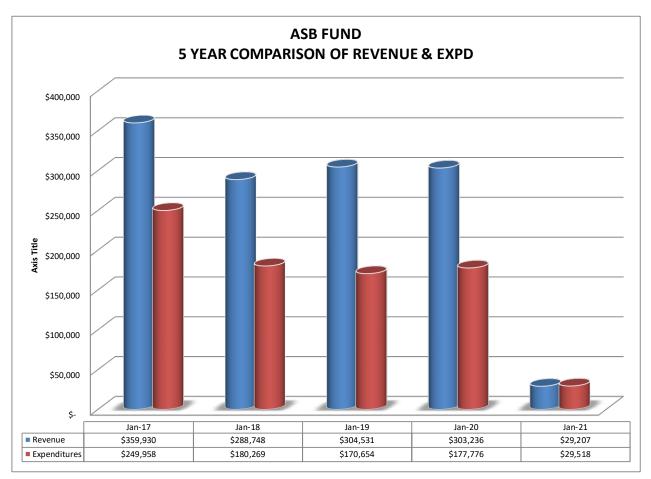

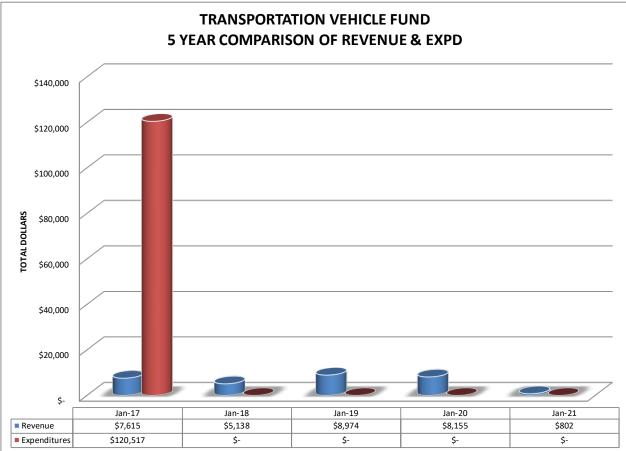

The following Budget Status Report provides detailed revenue and expenditure information within the following column headings for each fund:
