- *If requested, the password is Eastmont.*
- *If this link does not connect, please check the website for an updated Zoom link.*

The Eastmont School District is governed by a board of five directors. The Eastmont Board of Directors sets the direction of the District by establishing goals, objectives, and policies to guide the superintendent who supervises all programs and staff. The Board of Directors is responsible for ensuring that the Eastmont School District is adequately financed to meet those goals, objectives, and policies; for monitoring the progress of the District; and for evaluating the performance of the superintendent. Each board member is a fiduciary for the District and, as such is responsible for using his or her best judgment in conducting the affairs of the District.

The Board generally meets at 5:30 p.m. on the second and fourth Monday of each month at either a school site or the Administration Office Board Room at 800 Eastmont Avenue, East Wenatchee. On holidays, or when a conflict occurs, a meeting may be held at an alternate time and/or date with proper notification given to the media.

The complete 2020-21 Board Meeting Schedule is available at www.eastmont206.org under the School Board tab.

NOTICE is hereby given that the Eastmont School District No. 206 Board of Directors, Douglas County, Washington will hold a virtual regular meeting on Monday, January 11, 2021 beginning at 5:30 p.m. for the purpose of considering and acting upon the following agenda items:

Grant Elementary - School Board Recognition 2020-21

1.	Grant staff continue to pour their hearts into their students' families.
2.	Twenty-four percent of Grant's 125 EL students exited the bilingual program last spring through the ELPA 21 Assessment. Staff saw a 20% improvement in both Kindergarten and First Grade exit rates from the previous year.
3.	Since Spring 2020, Grant Staff tackled the challenge of childcare for community essential healthcare workers, fully remote instruction, identifying and selecting most vulnerable students, creating an on-site program to support educare and 3-5% of the most vulnerable students, hybrid instruction (AM/PM), and are getting ready for the next transition to alternating school days.
4.	Grant teachers identified the essential standards for an altered school year to provide the best learning in a difficult time.

BUILDING AND PROGRAM REPORT

A. Kenroy Staff Recognition.

Director Eggers recognized Lee Elementary Staff for the following accomplishments:

1. Kenroy staff championed remote learning in the spring, along with successful 1a, 1b and 2a Reopenings. They did all of this incredibly difficult work with flexibility, positivity, and patience.
2. Twenty-two percent of Kenroy's 116 EL students exited the bilingual program last spring through the ELPA 21 Assessment. Over a one year period, they were able to significantly decrease the number of level 1 students as well.
3. Each day, the amazing Kenroy staff are running highly complex and unique models of learning across campus, including: child care, Educare, Life Skills, remote learning, and two sets of on-site cohorts. All of these models are taking place safely and seamlessly!
4. Kenroy Site Council and staff have intentionally focused attention this year on the hope, optimism, and well-being of staff.

- B. Kenroy Elementary School Building Report.
Principal Kristy Daley and Kenroy Elementary School staff shared information on their recent challenges and accomplishments. They answered questions from the Board.

INFORMATION

- A. Board News.
Director Smith shared she recently participated in the construction walk-through and said it was great to see the progress. President Eggers shared her appreciation for elementary students being able to be on campus part-time.
- B. Superintendent News.
Superintendent Christensen asked Executive Directors Spencer Taylor and Matt Charlton to give the Board an update on what was happening with instruction and scheduling. He also acknowledged COVID Supervisor Russ Waterman for his work with COVID procedures and staff potential exposure incident reporting and Executive Director Vicki Trainor for her work creating MOU's with union groups.

Mission/Vision Statement

Mission

Learning for all, whatever it takes.

Vision

Grant Elementary strives for a welcoming, caring, safe and supportive atmosphere. We create and value positive relationships within the Grant school community. Our staff works collaboratively to seek and implement strategies for continuous student growth and academic success.

Collective Commitments

In order to achieve the shared vision of our school we will;

- Monitor each student's progress on a frequent basis.
- Respect and honor others within our Grant community.
- Teach to the whole child.
- Provide an environment where risk taking is encouraged and positive change is valued.
- Share expertise and promote a culture of learning.

Culture of Equity Statement

We work to achieve educational equity in our classroom instruction. We are currently serving 28 of our most impacted students either by access to education, language learning needs, Special Education needs, migrant status, and/or academic struggle. We serve students by offering them instruction all day, every day.

Component 1: Comprehensive Needs Assessment:

The comprehensive needs assessment directs a building to collect and analyze student data. This process identifies the strengths and weaknesses impacting student performance. It also sheds light on the needs of the entire program. All students benefit from the interventions and services made possible through a schoolwide program; however, schools should place emphasis on strategies that help learners struggling to meet state standards.

In their needs assessment, schools must describe their students' demographics, levels of achievement, family involvement, atmosphere, and staffing.

A needs assessment includes outcomes, and documents how schools use data to reach outcomes. This documentation must include a detailed analysis of student subgroups. Districts must also examine student, teacher, and school community strengths and needs.

Needs assessments include both district and building priorities and concerns. Schools also provide strengths and weaknesses of their program.

Describe how the needs assessment was conducted. Include who was involved and what data was gathered.

- During the 2019-20 school year, staff analyzed student achievement data in reading, writing and math. Staff also studied end of year goals in grade levels, EL data and attendance data.
- Fall 2020 - Grade level teams and interventionists assessed students to determine Tier 3 reading interventions and student placement.

Analyze the following areas to identify strengths and challenges of your school. Then, describe below.

- Perception trends (Annual School Satisfaction Surveys - Parents, Students, Staff)
- Academic Achievement of students by content using multiple assessments (trends, comparison to similar schools and the state, student subgroups, levels of achievement)
- Language Acquisition trends
- Student Attendance trends
- Student Discipline trends
- Parent Involvement trends

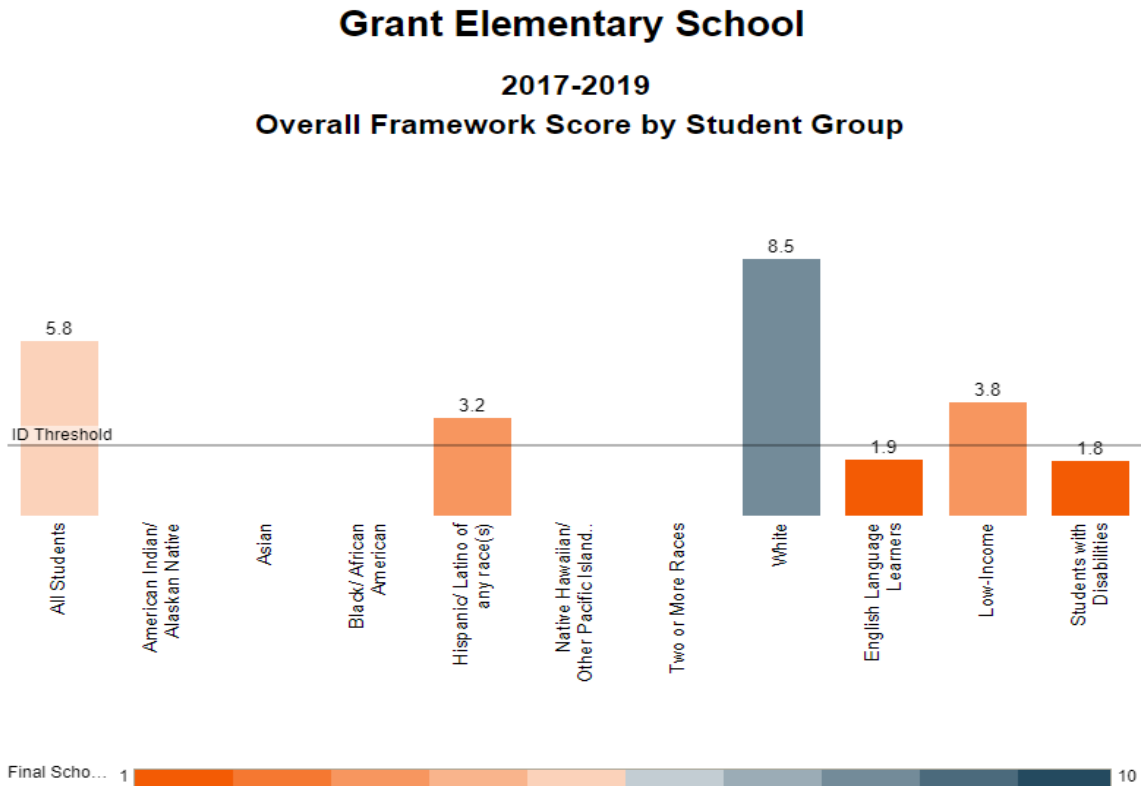

Perception Trends:

Parent Feedback -

Parents shared their perceptions of Hybrid learning in a parent survey 11/16/20. The majority of families reported they were satisfied with hybrid learning. The survey occurred two weeks after we transitioned to AM/PM schedules. Parents reported struggles with accessing remote instruction during their 'at-home' times, children not interested in doing work outside of the school day after students have been in class.

Describe the strengths of your school.

Perception Survey of Hybrid Model - Overall, parents are happy students are back on campus and are satisfied with the hybrid model, AM/PM model.

Academic Achievement - For the 2019-20 school year, our ELA growth percentile is 60.5 and math is 50.5. Student growth percentiles compare students in the same grade level with similar scores in previous years and measures their performance relative to those students. A student with a 60 SGP had growth greater than 60% of students with a similar test score in an earlier grade.

Language Acquisition - For the 2019-20 school year, on the ELPA-21, Grant exited 24% of their students. In Kinder, 20% exited, up from the previous year of 0%, in first grade 43% exited, up from the previous year of 23%. We attribute the growth to the service model of EL students receiving both Tier 2 and Tier 3 instruction. Instruction focused on the four language domains of reading, writing, listening and speaking.

Student Attendance - Systems are in place at Grant which align with attendance laws and communicate with families regarding attendance concerns. The 2020-21 school year is proving to be difficult with long-term absences due to COVID.

Student Discipline - Professional development in Tier 1 behavior and best practice has reduced SWIS data referrals. Grant has a PBIS committee that is tracking survey data through the Tiered Fidelity Inventory to create actionable steps when large numbers of students are on campus (not

yet this year). There is a Tier 3 Behavior team that meets monthly to analyze, adjust and take action steps with students with high levels of referrals or teacher concerns. The Tier 3 team worked to communicate behavior plans, strengths and tips for connecting with our high needs students to all staff in the building. The goal was to increase visibility of plans to all staff, help staff connect personally with students to develop relationships.

Parent Involvement - Grant has a PTO that is active in fundraising and support of students and staff. There is parent representation on Site Council.

Describe the challenges of your school.

Perception Survey of Hybrid Model - Parents share that although the hybrid model is better than online only instruction, the amount of time in class is short. Some parents suggested an alternating day schedule so that students were able to be in school for a longer period of time. The remote side of the hybrid model is a challenge for students to participate in, especially Kindergarteners and 1st graders where the participation in remote intervention groups and specialists is the weakest. PE & Music are not being accessed by all students and interventions are complex to run and have consistent participation with all who are signed up.

Academic Achievement - Our English Language students are continuing to trend downward in their overall scores in both reading and math.

Language Acquisition - A continual challenge is giving EL students access to all tiers of intervention, especially this year in a hybrid model. It is a challenge to serve students remotely and in building with our 3-5% high needs students in school all day. We are only able to serve 19% of our EL student population with the more effective, in person small group model. Accessing group times, technology and at-home support have been a challenge for our EL teachers and students.

Student Attendance - Attendance in the COVID pandemic is difficult. Students can be out of school for extended periods of time and that is a challenge for teachers and parents. Attendance has always been a strength at Grant Elementary but with the pandemic, we have 20% of our population who have experienced 7,10, or more days of absences.

Student Discipline - For the current school year, discipline is an insignificant problem, as we have fewer than 10 office discipline referrals for the year (as of Dec. 2020).

Goal and Solution Selection: Choose two to five challenges to work on this school year and write a SMART goal for each of them (it must include how and when it will be assessed). These may be continued from previous years.

Effective solutions will include the following:

- Communication plan to staff, students, parents.
- Processes/Timelines for ensuring plan is being implemented and growth towards target is being attained.
- Professional development.
- Budget allocation.

Goal 1: School Goal

All students, regardless of subgroups, will show growth in essential grade-level standards using multiple measures as data points.

How and when will it be assessed? Information is included in each goal.

Goal 2: Grade Level Goals

Each grade level shared their SIP goals, explained how they were going to measure them, and why they were chosen. All grade level goals are focusing on essential standards. Below you will find each grade level goal.

How and when will the goals be assessed?

Kinder - Math

Between September and May, all students will increase their knowledge of numeral set identification numbers 0-20 as measured by classroom based assessments and observation in daily learning tasks. We choose to define “increase” as achieving 90% proficiency on the summative assessment.

Kinder - ELA

Between September and May, all students will increase their knowledge of all 31 letter sounds as measured by classroom based assessments, Lexia, Imagine Learning, and classroom observation in daily learning tasks. We choose to define “increase” as achieving 90% proficiency on the summative assessment.

First - Math

Between September and May, all students will increase their knowledge of CCSS 1.OA.6 (addition/subtraction fluency to 20) as measured by District Addition/Subtraction assessment (pre and post) and Classroom Exit Tickets or observation. We choose to define “increase” as a minimum of 10 additional facts from initial assessment.

First - ELA

Between September and May, all students will increase their knowledge of CCSS RF 1.2 (Phonological Awareness) as measured by Reading Foundation Skills (pre and post) and Heggerty Phonological Awareness Assessments. We choose to define “increase” as movement into the next color block from the lowest subskill. (i.e. from red to yellow or yellow to green)

Second - Math

Between November and May, all students will increase their knowledge of CCSS 2.NBT.5 (addition and subtraction within 100) as measured by the District CBA 2 NBT5 and exit tickets, whiteboard work, Google Forms, and teacher observations. We choose to define “increase” as growing by one level or meeting benchmark.

Second - ELA

Between September and May, all students will increase their Phonics skills as measured by the Quick Phonics Survey (QPS) and whiteboard work, common formative assessments, and teacher observations. We choose to define “increase” as growing by 4 tasks (intensive to strategic or strategic to benchmark) or reaching a level 11 or higher on the QPS.

Third - Math

Between September and May all third grade students will increase their problem solving skills using multiplication (OA3) as measured by common assessments. Our assessments of this skill will include exit tickets, STAR Math testing as well as the end of the unit test. We choose to define “increase” as growing one level or maintaining a level 3 or 4.

Third - ELA

Between September and May all third grade students will increase their understanding of a text, referring explicitly to the text as the basis for the answers (RL3.1 & RI3.1) as measured by RACE response prompts given throughout the year. Students will be required to restate the question, answer and provide text evidence to support their answer. We choose to define “increase” as growing one level or maintaining a level 3 or 4.

(Comment - 3rd grade is going to evaluate the wording to ensure students are graded on standard vs. format. They are meeting Monday morning to determine final wording.)

Fourth - Math

Between October and May all students will increase their knowledge of CCSS NBT5 by being able to multiply a whole number of up to four digits by one digit whole numbers and two, two digit numbers using multiple strategies as measured by monthly teacher created assessments including 4 types of each question, daily exit tickets, and informal teacher interviews. We choose to define “increase” as one point or maintaining a 4/4 on each of the grading scales.

Fourth - ELA

Between September and May all students will increase their knowledge of the CCSS RI 4.2 by being able to determine the main idea of a text and supporting it with at least two details as measured by teacher created assessments using both short answer responses and multiple choice questions, teacher interviews, weekly comprehension assessments, and exit tickets. We choose to define “increase” as growing one level or maintaining a level 3 or 4.

Component 2: Schoolwide Reform Strategies

Schoolwide programs need to have a schoolwide focus. ESSA’s new focus is on a well-rounded education. Schoolwide programs should focus on supporting all students within the school. There are several ways to ensure schoolwide focus:

- Targeting a range of subjects, including literacy, science, & mathematics.
- Improving transitions between grades and/or schools.
- Enriching and accelerating curriculum.
- Realigning curriculum horizontally and vertically from grade to grade.

Be specific. Include the ways in which the school plans to include how it will reach each level of reform. Outline staffing plans and who will be hired, professional development strategies, and intended outcomes. You should use methods and strategies that will strengthen student outcomes for all students.

The plan must show how you will increase the amount and quality of learning. This includes detailing specific programs and activities.

Reform Strategy 1: Essential Standards through grade level teams and site council.

- Continue to refine Essential Standards in reading & math.
- Develop and analyze scores on common assessments for Essential Standards.
- Reteach standards to ensure mastery.

How will the school strengthen the literacy, science, government, engineering, the arts, and mathematics?

Our teachers will meet to answer the four critical PLC questions in their essentials areas:

1. What do you expect our students to learn?
2. How will you know they have learned it?
3. What will we do if they do not learn it?
4. What will we do if they have already learned it?

2020-21 Action Plan/Next Steps:

- School staff edited and recommitted to our mission, vision and collective commitments Fall 2020.
- Grade level teams select essential of essentials for reading and math Fall 2020.
- Teams will develop norms.
- Teams will create 2020-21 SMART goals; tracked through TACA document and shared quarterly with the site council.

Reform Strategy 2: Response to Intervention (RTI)

- Program adjustments: Within each phase of school, develop a master schedule that supports intervention for Tier 3 and EL students.
- Continue a master schedule supportive of all three tiers of instructional time once we return to full days every day.
- Develop a data-driven system and the use of essential standards to target Tier 2 instruction in the classroom once we return to full days every day.
- Continue a data-driven Tier 3 system to meet the needs of our intensive students grades K-4 in reading.
- Continue a data-driven English Language support time within Tier 3 to allow for EL students to benefit from language instruction and tier 3 reading instruction if needed.
- Analyze and review data monthly (SBA, STAR, DIBEL, RFS, CFA's) to meet the learning needs of individual students and check program effectiveness.

How will the school strengthen the literacy, science, government, engineering, the arts, and mathematics?

Response to intervention is the practice of providing high-quality instruction and intervention matched to student need and monitoring progress frequently. Adjustments can be made to ensure that rigorous instruction is occurring for students, regardless of the level they are performing at. Reading comprehension and phonics curriculum includes content knowledge and instruction in science, government, STEM, and the arts.

2020-21 Action Plan/Next Steps:

- Master schedule supportive of Core (Tier 1), Tier 2, Tier 3, along with time for dual qualified students (as permitted per phase).

- MTSS team work collaboratively to meet needs of each phase of the school year and schedule needs.
- Weekly schedule ensures for arts instruction remotely for all K-4 students.

Reform Strategy 3: Positive Behavior Intervention Support (PBIS)

- Program adjustments to meet needs of the most vulnerable during pandemic.
- Refine Tier 1 - Classroom level and school level systems.
- School wide expectations.
- Social Emotional Learning.
- Celebrate student and staff success.
- Support tier 2 & tier 3 students behaviorally.
- Student leadership.

How will the school strengthen the literacy, science, government, engineering, the arts, and mathematics?

Clear expectations and a focus on positive behaviors will help students maximize learning time in core content areas as it will reduce off-task behaviors and discipline.

2020-21 Action Plan/Next Steps:

- SWIS continues to be used as a way to track behaviors school wide.
- Meetings with PBIS team monthly to analyze data, create action steps, and support schoolwide behavior.
- Track student interventions for repeated behaviors and use the Guidance Team process to impact behavior.
- MTSS Behavior team meet monthly to develop and support high needs students.
- Celebrate student success monthly with Student of the Month recognition.
- Celebrate student success in the classroom with Positive Office Referrals.
- Aligned scope and sequence of SEL curriculum across grade levels.
- Student leadership.

Reform Strategy 4 - Building and supporting School Culture for students/staff

- Supporting families, students, and teachers is one of our highest priorities.
- Frequent communication to all groups is emphasized.
- Teachers have connected with families in a different way than ever before, by starting the year remotely.
- Our specialists (RTI, PE, Music) connect with students daily and fosters and develop supportive relationships.
- We've emphasized building and supporting our Grant staff community with activities, sharing, and fun!

How will it strengthen the core reading & mathematics programs of the school?

During the pandemic, a focus on school culture is more important than ever both for students and staff. Ensuring that staff and families are aware of the ever changing logistics ensures that families maintain access to education for their children and reduces absences. When students are at school, they can access our essential standards work of reading and math instruction for the 2020-21 school year.

2020-2021 Action Plan/Next Steps:

- Frequent communication to families directly from the school.
- Survey of families and opportunities for questions to be answered in a variety of ways.
- Survey of staff accessing their needs and supports needed monthly.
- Frequent communication to staff and opportunities for questions/answers in written form, by email, staff meetings, staff meeting feedback.
- All school spirit days.
- Celebrate students through school recognition like student of the month, positive office referrals, and Caught-Ya's.

How will the school improve transitions between grades and/or schools?

- Vertical alignment discussions occur during site council meetings and shared out via notes.
- Grant staff met with pre-school teachers and school psychologists to discuss incoming Kindergartners. IEP's and behavior needs discussed and plans made for student success.
- We will continue to work with Clovis Point Intermediate School where our outgoing 4th graders will do a school visit to familiarize themselves with the school. Counselors, Administrators, Interventionists, and SpEd Department personnel will again meet to discuss specific students and the entire overall outgoing 4th grade class. Academic needs, behavioral issues, individualized plans, social & emotional issues, and a general overall overview of the students will be discussed in these meetings.
- At the conclusion of the 2020-21 school year, we will not transition any 4th graders to Clovis.
- For any students transitioning to new schools due to attendance area adjustments, we will meet and communicate specific needs about students with incoming schools.

How will the school enrich and accelerate curriculum?

1. (In relation to selected Essentials) Attention on Professional Learning Communities to be focused on PLC process of:
 - a. What do we want our students to learn?
 - b. How will we know they are learning?
 - c. How will we respond when they don't learn?
 - d. How will we respond when they do learn?
2. Highly Capable (HiCap) Program is a district wide program with HiCap Coordinator provides extension activities within the school day to identified students.
3. Classroom teachers offer accelerated options in Google Classrooms during remote learning time and extensions to student's classroom learning.

How will the school provide opportunities for students both ahead of and behind grade level?

1. Master schedule supportive of intervention time during each phase of school. School Interventionist being utilized with more specificity to reach the needs of each individual student.
2. Monthly MTSS Academic Meetings to review student progress and adjust programs.
3. Grade level teams meet to review assessments.
4. Enrichment activities via Highly Capable and classroom extensions.

5. Accelerated Reading program to differentiate reading comprehension analysis.
6. Provide Computer Based intervention programs that accelerate/increase student learning K-3: Lexia, and Imagine Learning.
7. Provide a structured Response to Intervention approach for Reading for struggling students that utilize nationally approved curriculum from the National RtI Committee.
8. Provide a Bilingual Response to Intervention approach to students who struggle with English Proficiency.

Describe your Parent and Family Engagement strategy. How will you align it to building goals and evaluate your targeted assistance practices and strategies? How will you know that your strategies are working?

- Communication of remote learning is clear and responsive to family needs.
- Communication with parents about how to access instruction and technology.
- Updates to parents and guardians about student progress toward goals of instruction (standards) using print and/or technology.
- Teacher sends additional materials and communication when students are struggling and gives ideas of how to provide additional support at home.
- Teachers create materials to support remote instruction and students at home for extended absences.
- Teachers translate materials when necessary to prevent language barrier.
- Engages in 2-way communication & is responsive to parent insights.
- Monthly parent survey in school newsletter to evaluate and address needs.
- New 2-way communication system offers parents increased communication options with school with Parent Square.

Component 3: Activities to Ensure Mastery

The schoolwide plan upgrades the entire school’s program. At the same time, it should address how students who have not yet reached standard in certain skills will receive effective and timely assistance. Each student is different, and some students may need more help to get back on track. Schoolwide plans should have strategies for students who may fall behind on key skills or are in danger of dropping out. Schools may choose to meet the academic and non-academic needs of these students. significant flexibility in improvement student achievement with strategies, including:

- Counseling and mental health support.
- College and career readiness.
- Tiered behavioral support.
- Preschool transition support.
- Professional development for staff.
- Intensive academic support for students.

How does the school screen all students to identify those that are at-risk of falling behind on mastery of key skills?

1. Summative District Assessments

- a. STAR (2nd-4th grade).
 - b. STAR Math (Grades 3 & 4).
 - c. DIBELS K-4.
2. DIBELS progress monitoring monthly for students in intervention.
 3. Classroom Based Assessments to measure Grade level Essential Skills.
 4. Quick Phonics Survey.
 5. Basic Math Fact Fluency Assessment.
 6. High frequency words screening.
 7. Phonological awareness screener for grades K-1.

How does the school monitor progress of at-risk students in their mastery key grade level skills?

Progress monitoring is done for intensive and strategic students in reading interventions for students in grades K-4th grade. Reading progress monitoring is done for those students that are at high risk and identified for LAP services. Reading Foundational skills is also progress monitored in grades K-2 in classrooms. Kindergarten students are progress monitored by CBA's for essential skills. Also, our EL students are screened monthly for language development by our Bilingual Specialist to best meet the needs of our second language students.

How does the school make data-based decisions on the appropriate interventions for at-risk students and the effectiveness of interventions?

MTSS Academic meetings occur monthly.

- Progress monitoring data shared.
- Discussion of at-risk students and intervention strategies.
- Program decisions made.
- Adjustments to groups/schedules occur.
- Schedules developed to best meet needs of high needs students in remote groups and for our 3-5% in building students.
- Team includes: 3 Reading Intervention specialists, PBIS coordinator, Counselor, Bilingual Specialist, Special Education teacher, School Psychologist, Assistant Principal, Principal.
- Team works to develop support system responsive to each phase of school.

Describe the school's three tiers of intervention to support at-risk students.

Grant MTSS Model provides for a wide range of academic and behavioral supports through our tiered system of student support.

Academic:

Tier 1: Access to grade level essentials for all students.

Tier 2: Additional time and support to meet grade level essentials.

Tier 3: Intensive remediation in foundational skills.

Behavioral:

Tier 1- All students are taught expectations in classroom and common areas:

- Classroom Behavior Plans are developed by teachers.
- Staff work to develop positive relationships with students.

- Staff teach Social Emotional Lessons and recognize students exhibiting the monthly character trait.

Tier 2- Additional support for students not responding to Tier 1:

- Individual behavior plan/contracts.
- Check and Connect.
- Small group and Individual Counseling.

Tier 3- Support for students who exhibit patterns of problem behavior

- Conduct a Functional Behavior Assessment (FBA).
- Observe student in class by district or school specialists.
- Meet with Guidance Team and parents to create a behavior support plan.

Component 4: Coordination and Integration of Federal, State and local services.

The schoolwide plan should show how federal, state, and local services work together to improve outcomes. The plan must show how the district coordinates and integrates funding used at the school. This means the schoolwide plan must outline the ways in which funds are going to be consolidated, as well as how the funds will be used to meet the specific intents and purposes of each program. This ensures the school is still meeting the statutory requirements of Title I, Part A and other federal education programs. Schools must name the specific state, local, and other federal programs that they will combine under the plan. If a priority/focus school, make sure the plan addresses school improvement efforts and funds.

BACKGROUND INFORMATION AND ADMINISTRATIVE CONSIDERATION

In March 2017, the District entered into a five year lease agreement with Mr. Brandon Lewis of Brandon Lewis Orchards Inc., for management of the District owned Gala and Granny Smith orchard located at 2111 and 2125 6th Street SE. This lease offers a five year renewal that would begin in January 2022.

Mr. Lewis has been successful in orchard management and returned a profit to the District in the amount of \$51,936.60 for the 2018 crop and \$58,554.51 for the 2019 crop. These profits are deposited in the District's Capital Project Fund and are reserved for future land acquisition.

With our 2019 return, Mr. Lewis submitted a proposal for improvements to the orchard that involves grafts to most of the Gala trees to produce the Cosmic Crisp variety. He explained that due to the age of these trees and declining market for the Gala variety, this improvement would provide the best long-term benefit to the District. We have reviewed his proposal and find it to be favorable to the District. In addition, in recognition of the investment of time and in order for the grafting improvement work to produce fruit, we recommend that we extend the lease now.

RENTAL OR LEASE OF DISTRICT REAL PROPERTY

When Eastmont School District's real property is not needed, the Board of Directors has the authority to call for bids to rent or lease any surplus real property. A notice of the intent to rent or lease property will be published in a newspaper of general circulation in the District at least 45 days before the rental or lease takes effect, if the value of the rental or lease is \$10,000 or more. The District may establish a minimum acceptable bid based upon the fair market value, provided that such minimum bid is non-discriminatory within classes of users.

Such property will be rented or leased for lawful purposes. The rental or lease will be in the best interests of the District and not interfere with the conduct of the District's educational program and related activities. The lease or rental agreement shall permit the recapture of the leased or rented surplus property should such property be needed for school purposes in the future unless proximity to an international airport precludes the possible or appropriate use of the property for a school, or the property is leased or rented for affordable housing purposes.

Proceeds from rental or lease of District property which are in excess of the operational costs incurred for such rental or lease will be deposited in the capital projects fund or debt service fund.

At the option of the Board of Directors, after evaluating the sufficiency of the District's capital projects fund for purposes of meeting demands for new construction and improvements, moneys derived from the lease or rental of real property may be deposited into the District's general fund to be used exclusively for nonrecurring costs related to operating school facilities, including but not limited to, expenses for maintenance.

Subject: Monthly Student Enrollment Report

Student full time equivalent (FTE) enrollment data is used in a variety of funding formulas that allocate resources to school districts. Districts are therefore required to report their enrollment data to OSPI as of the fourth school day of September and the first school day of October through June (WAC 392-121-119). OSPI requires Form P223 be used for this purpose.

Headcount and Actual FTE Reported in P223H & P223:

Total student headcount reported, including Alternative Learning Enrollment enrolled in Eastmont Virtual Academy (ALE) program, is 5,793. This is a decrease of 255 students (-4.2%) from the total reported in January 2020 (6,048).

Total student FTE reported, including ALE, is 5,733.33. This is a decrease of 212.88 FTE (-3.5%) from the total FTE reported in January 2020 (5,946.21) and a decrease of 181.83 FTE (-3.0%) from the actual average FTE (AAFTE) for the 2019-2020 school year.

Program Name	Current Year Average	Prior Year Actual Average (as reported thru 03/20)	Increase / (Decrease)
Running Start (Head Count)	177	158	19
Special Education (Age K-21 Head Count)	667	688	(21)
Transitional Bilingual (Head Count)	991	1,050	(59)

Career/Technical Education-Gr 9-12 (FTE)	320.22	356.90	(36.68)

Budget to Actual FTE Analysis:

Budgeted K-12 FTE, including ALE program, is 5,906. Total FTE as of January is 155 FTE less than the estimated used for budget development. K-12 student enrollment is 5,270 FTE, which is **512 FTE less** than expected. ALE program enrollment is 513 FTE and **356 FTE more** than expected.

Eastmont School District

Relationships, Relevance, Rigor, Results

Memorandum

To: Eastmont Board of Directors

From: Spencer Taylor, Executive Director of Elementary Education

Date: January 8th, 2021

Re: District Attendance Areas 3130-P Study Update

A community committee of 24 members has been studying our school attendance areas to provide the Board a recommendation to implement for the 2021-2022 school year. The committee is composed of Eastmont staff, Parents, and Community Leaders. These new attendance areas are needed as part of the Reconfiguration plan to change our grade levels to K-6th Grade Elementary Schools and 7-9th Grade Junior High Schools.

The goals of this committee are as follows:

- Balance school enrollment and demographics across the district as best possible.
- Maximize neighborhood walking schools.
- Maximize transportation efficiency.
- Minimize student disruption if possible.

Progress to date: The committee has met twice and has recommended two different sets of revisions to the attendance areas from the presented first draft. The committee has one more scheduled meeting on January 19th.

9. Physical, Emotional, and Intellectual Safety

a. Providing for District safety: An effective Superintendent supports the community (both in and out of District) to develop a more nuanced/expanded understanding of what it means to be safe. Physical, emotional, and intellectual safety are critical and necessary conditions in order for effective teaching and learning to take place. This criterion addresses three areas of district safety: physical safety, social/emotional/intellectual safety, and identity safety.

Effective Superintendents attend to the physical, emotional, and intellectual safety of staff, students, parents, and others who come onto the District campuses. They build and depend on systems that continually monitor and respond to new challenges, and advocate for facility improvements as needed

○ Unsatisfactory	○ Basic/Emerging	○ Proficient	○ Distinguished
<p>Superintendents performing at the Unsatisfactory level allow unsafe conditions to continue and often have not created plans to effectively respond to emergencies or other unsafe conditions. Their actions do not display a sense of responsibility for the physical, emotional, or intellectual safety of others.</p>	<p>Superintendents at the Basic level recognize that physical, emotional, and intellectual safety is a responsibility of the District, but have not implemented consistent systems to identify and address safety concerns. They may rely upon custodial or maintenance staff to address these kinds of issues, or they may only pay attention to safety problems after someone has been injured.</p>	<p>Proficient District leaders have built systems that routinely monitor the level of physical, emotional, and intellectual safety on the campus and assure unsafe conditions are identified and addressed promptly. Plans are in place for the range of emergencies that may occur and include emergency prevention, intervention, crisis response, and recovery. A proficient Superintendent's District is clean, uncluttered, and in good operating condition.</p>	<p>District leaders displaying a Distinguished level of performance in this component are strong advocates for the physical, emotional, and intellectual safety of all. They have built a culture in which students and staff take responsibility for bringing safety concerns to the attention of others and take an active role in keeping all campuses physically safe.</p>
