

STUDENT ACCELERATION REVIEW

Once a "Request for Retention or Acceleration" form is received by a school principal and before June 1st, a conference will be held to review the request. The following persons must be present: Principal, parent/guardian, classroom teacher(s), and Counselor. If the student has an Individualized Education Plan or IEP, the entirety of the IEP team must be present. It may be appropriate for other school personal and/or the student to attend. The results of the conference will be documented on this form, signed, and placed in the student's permanent record.
