

UNMANNED AIRCRAFT SYSTEM (UAS) DRONE AND MODEL AIRCRAFT

To maintain a safe and orderly learning environment, Eastmont School District has determined the unapproved use of drones poses a safety hazard and privacy concern. As a result, the use or possession of unmanned aircraft, rockets, or aerial systems (UAS), also known as drones, is prohibited on campuses and at off-campus District sponsored events except as allowed in District Procedure.

The District reserves the right to remove or refuse admission to any individual who violates this policy and reserves the right to exclude any individual who violates this policy from future District events. Violators may also be reported to appropriate authorities, including local law enforcement and the Federal Aviation Administration (FAA). Students or employees violating this policy shall be subject to formal disciplinary action pursuant to District policies.
