

Bond Feedback

(continued from page 1)

is the way we do business in Eastmont.

- Some of our athletic facilities at the high school are in need of such repair that they pose risks of injury to our students. The Board of Directors approved the spending of carryover funds from the COVID closures, (when we did not have sports), along with some reserve funds from this year, (that were made possible by adjusting spending in our budget, and by welcoming more students than we budgeted for) to address the most immediate safety concerns.
- We have been given permission to use one time federal grant monies for upgrading some of our electronic equipment that helps us keep students safe. Examples include upgrading bus cameras and radios, and replacing or repairing some school intercom systems so that they are reliable in the case of an emergency situation. Once the new schools are remodeled, all facilities will have up to date systems to use in case of emergencies.
- We have asked our financial advisors to create options for a greatly reduced bond measure, perhaps this February. This scenario would be to generate enough funds to remodel Cascade, Lee, and Kenroy Elementary Schools and make some improvements at Rock Island Elementary School. We are hoping to accomplish this without raising your tax rate if at all possible.

We appreciate your engagement with our district, and your views about the future. Our Board of Directors will be deliberating next steps, and will make the ultimate decision on whether to put a bond measure on a future ballot. Please come to a Board meeting to share your comments, or contact us with any questions or concerns you may have.

Español

En la elección de noviembre de 2022, la

Junta Directiva colocó ante los votantes \$185 millones para la medida de bonos para mejorar las escuelas y agregar características de seguridad, actualizar las instalaciones deportivas y reemplazar el centro de transporte. Aunque la mayoría de los votantes apoyó la medida de bonos, no alcanzó la mayoría calificada del 60% como lo requiere la ley estatal.

Una comunidad es conocida por las escuelas que mantiene, y nos tomamos en serio nuestro deber de brindar a nuestros estudiantes entornos de aprendizaje seguros y efectivos. Por lo tanto, necesitábamos recopilar una amplia opinión de la comunidad sobre nuestras instalaciones y sus prioridades para el Distrito. Preguntamos y, lo que es más importante, escuchamos.

Gracias a los casi 900 de ustedes que respondieron nuestra encuesta, compartieron sus pensamientos y revisaron y calificaron los pensamientos de los demás. ¡No puedo pensar en un momento en el que hayamos tenido una reunión en persona con 900 asistentes! Los puntos clave de su aporte fueron:

- Las primarias Cascade, Kenroy y Lee son las que más necesitan reconstrucción, junto con algunas mejoras en la primaria Rock Island.
- Las instalaciones deportivas necesitan ser actualizadas, pero aumentar las tasas impositivas no es la forma de hacerlo.
- El centro de transporte es un 'bueno tener', no una 'necesidad de tener'.
- En tiempos de incertidumbre económica, el costo total es un factor prioritario.

Para aquellos interesados, una lista más detallada de respuestas está disponible en nuestro sitio web bajo el título "Carta a la comunidad: Instalaciones".

Con base en esta información, estos son los pasos que hemos tomado:

- Hemos creado un Tablero de Instalaciones en <http://www.eastmont206.org> que estará activo en nuestro sitio web a fines de agosto. Con un clic de su mouse podrá ver la capacidad de cada una de nuestras escuelas, cuándo fueron construidas y remodeladas, y qué tan eficientemente están operando. Este

tipo de transparencia y responsabilidad es la forma en que hacemos negocios en Eastmont.

- Algunas de nuestras instalaciones deportivas en la escuela secundaria necesitan tal reparación que presentan riesgos de lesiones para nuestros estudiantes. La Junta Directiva aprobó el gasto de los fondos remanentes de los cierres de COVID (cuando no teníamos deportes), junto con algunos fondos de reserva de este año (que fueron posibles al ajustar el gasto en nuestro presupuesto y al dar la bienvenida a más estudiantes). de lo presupuestado) para abordar las preocupaciones de seguridad más inmediatas.
- Se nos ha dado permiso para usar dinero de una subvención federal única para actualizar algunos de nuestros equipos electrónicos que nos ayudan a mantener seguros a los estudiantes. Los ejemplos incluyen actualizar las cámaras y radios de los autobuses y reemplazar o reparar algunos sistemas de intercomunicación escolares para que sean confiables en caso de una situación de emergencia. Una vez que las nuevas escuelas estén remodeladas, todas las instalaciones tendrán sistemas actualizados para usar en caso de emergencias.
- Hemos pedido a nuestros asesores financieros que creen opciones para una medida de bonos muy reducida, quizás esté febrero. Este escenario sería generar suficientes fondos para remodelar las Escuelas Primarias Cascade, Lee y Kenroy y hacer algunas mejoras en la Escuela Primaria Rock Island. Esperamos lograr esto sin aumentar su tasa impositiva si es posible.

Agradecemos su compromiso con nuestro distrito y sus puntos de vista sobre el futuro. Nuestra Junta Directiva deliberará sobre los próximos pasos y tomará la decisión final sobre si incluir una medida de bonos en una boleta electoral futura. Venga a una reunión de la Junta para compartir sus comentarios o contáctenos con cualquier pregunta o inquietud que pueda tener.

Eastmont Creates a New Strategic Plan 2023-2024

Time and time again it is confirmed that the most successful organizations have a laser-like focus on a few strategic directions that unify and guide their work. It is the same for school districts. Over the course of this school year, we will embark on a strategic planning process that will result in a blueprint for improving student learning for the next three to five years. We hope to have the approval of the School Board by the spring of 2024.

We will be engaging with our community and a sample of employees to be the core team participating in the process. We will also need broad input as we talk about what skills and dispositions we want in an Eastmont Graduate. Watch our website and announcements for a survey called ThoughtExchange, that will invite your participation in this important conversation about the future of our schools. Let's dream big....together.

GET YOUR FREE SENIOR GOLD PASS!

We Love our Elders!

During the previous school year, the Eastmont School District unveiled its first ever Senior Gold Lifetime Pass for citizens (age 65 and older) living within Eastmont attendance areas. Over 200 of our friends and neighbors received their pass!

We are continuing this tradition this year, as our ASB officers voted unanimously to approve this benefit again. Eastmont High School ASB Advisor Laurie Butterfield added "I am proud to announce that we will be providing this pass for our senior citizens to continue supporting their family's legacy, school, and community."

To receive/use your pass:

1. Visit the Eastmont School District Administration Office located at 800 Eastmont Ave in East Wenatchee, WA. Please bring ID (Driver's License, etc.) with you as only Eastmont residents will receive a pass.
2. Complete the Senior Citizen Gold Pass Form.
3. Staff will take your photo and print it on a Gold Pass that you can take with you.
4. To use your Gold Pass, simply present it at any home, non-playoff ticketed event and you will be able to enter for free.

Thank you for your continued support and Go Wildcats!

ALDER KELEMAN HONORED AS 2023 DISTINGUISHED ALUMNI

At the age of sixteen, Alder Keleman graduated as one of the valedictorians for the Eastmont High School Class of 1998. Alder chose to attend Scripps College and at the end of four years, she graduated Magna Cum Laude, with a combined Bachelor of Arts degree in Biology (Honors) and Latin American Studies. In 2017, Yale awarded Alder a PhD in Environmental Anthropology. Since that time, she has conducted postdoctoral research, lectured and taught at Aarhus University in Denmark, Yale NUS College in Singapore, and she is now in a tenure-track position as an Assistant Professor of Environmental Anthropology and Sustainable Food Systems at Northern Arizona University in Flagstaff, Arizona.

Front row, left to right: Bruce and Karen Keleman, Alder Keleman-Saxena, Bodhi Saxena, Julie Kuntz and Dr. Becky Berg. Back row: Lance Noell, Spencer Taylor, Matt Charlton, Devraksh Saxena, Alark Saxena and Brandy Fields at the Distinguished Alumni ceremony.

Español

A la edad de dieciséis años, Alder Keleman se graduó como uno de los valedictorians de la clase de Eastmont High School de 1998. Alder eligió asistir a Scripps College y al final de cuatro años, se graduó Magna Cum Laude, con una licenciatura combinada en Artes. en Biología (Honores) y Estudios Latinoamericanos. En 2017, Yale otorgó a Alder un doctorado en antropología ambiental. Desde entonces, ha realizado investigaciones posdoctorales, ha

dado conferencias y enseñado en la Universidad de Aarhus en Dinamarca, Yale NUS College en Singapur, y ahora ocupa un puesto permanente como profesora asistente de antropología ambiental y sistemas alimentarios sostenibles en la Universidad del Norte de Arizona. en Flagstaff, Arizona.

"Es un honor haber sido seleccionado este año y tener la oportunidad de decir unas breves palabras en la graduación. Una de las mejores cosas de este premio es su potencial para inspirar a los nuevos graduados de EHS a vivir una vida con propósito en el futuro".

"IT'S AN HONOR TO HAVE BEEN SELECTED THIS YEAR, AND TO HAVE THE CHANCE TO SAY A FEW SHORT WORDS AT GRADUATION. ONE OF THE BEST THINGS ABOUT THIS AWARD IS ITS POTENTIAL TO INSPIRE NEW EHS GRADUATES TO LIVE LIVES OF PURPOSE IN THE FUTURE."

– Alder Keleman

Food Service Updates

Eastmont is pleased to announce that ALL students are able to receive breakfast and lunch at no cost to the family. If a student wishes to purchase additional meal items, they will be able to do so as long as the student has money on their account. For these additional items, no negative balances will be carried.

Continuaremos distribuyendo el Solicitudes de ingresos familiares para todo Eastmont familias Le estamos pidiendo que complete la encuesta cuando recibe información en ParentSquare. la encuesta en línea es fácil usar Family Access. Tú también puedes completar el formulario en cualquier oficina de la escuela, y recuerda firmar.

Si desea obtener más información sobre la encuesta y su uso, póngase en contacto con Oficina del Distrito Escolar de Eastmont en (509) 884-7169.

AVAILABLE ONLINE!

This schedule is also available on the district website at cutt.ly/eastmontbusroutes

REMINDERS

Please look over the parent handbook and bus rules with your student at: eastmont206.org/transportation.

A reminder that Kindergarten students must have a parent or guardian at the bus stop at pick up and drop off times.

Please have your students at their assigned bus stop 5 minutes before scheduled stop time.

Find the bus stop that is nearest to your home. It is the assigned stop where your child will be picked up and dropped off.

NOTE: Due to funding changes, Choice Students and students within one (1) mile of school are not assigned to a bus. Please call Transportation at 884-4621 with any questions.

New Mariachi Director Excited to Share Love of Music

BY DOMINICK BONNY

Alan Ramos was inspired to become a music educator by his high school Mariachi director, Ramon Rivera, and as he steps into his first educational career his goal is to inspire future generations of musicians.

Ramos will become the Mariachi director for the Eastmont High School and the junior highs starting this fall. He graduated in June of this year from Central Washington University with a degree in music education and his main instrument is the violin, but said he has played various instruments since he was a child.

Ramos wants his mariachi program to give his students a chance to play for the community, and also get them thinking about college.

"I graduated from high school in Wenatchee and the mariachi program there gave me many opportunities to not just perform but also to think about and be inspired for higher education," Ramos said.

He said Rivera was one of the main reasons why he wanted to become a music educator, and stressed how important experience and mentorship is to being a good Mariachi orchestral musician.

Practice and playing outside of school is also important, he said. Being a great musician is about incorporating practice into your daily life. Ramos is looking forward to fall and welcoming his first classes.

Alan Ramos, incoming EJHS and EHS Mariachi Director

"I want to share the knowledge that I have learned with my students," he said. "I think we're going to have a pretty good year."

Español

Alan Ramos se inspiró para convertirse en educador musical por el director de Mariachi de su escuela secundaria, Ramón Rivera, y al iniciar su primera carrera educativa, su objetivo es inspirar a las futuras generaciones de músicos.

Ramos se convertirá en el director de

mariachis de Eastmont High School y de la escuela intermedia a partir de este otoño. Se graduó en junio de este año de la Universidad Central de Washington con un título en educación musical y su instrumento principal es el violín, pero dijo que ha tocado varios instrumentos desde que era niño.

Ramos quiere que su programa de mariachi les dé a sus estudiantes la oportunidad de tocar para la comunidad y también les haga pensar en la universidad.

"Me gradué de la escuela secundaria en Wenatchee y el programa de mariachi allí me dio muchas oportunidades no solo para actuar, sino también para pensar e inspirarme para la educación superior", dijo Ramos.

Dijo que Rivera era una de las principales razones por las que quería convertirse en educador musical y enfatizó cuán importante es la experiencia y la tutoría para ser un buen músico de orquesta de mariachi.

Practicar y jugar fuera de la escuela también es importante, dijo. Ser un gran músico se trata de incorporar la práctica en tu vida diaria. Ramos está deseando que llegue el otoño y dando la bienvenida a sus primeras clases.

"Quiero compartir el conocimiento que he aprendido con mis alumnos", dijo. "Creo que vamos a tener un año bastante bueno".

Spotlight On: Kinder Ready

BY DOMINICK BONNY

Kindergarten teachers Kaycie Anderson and Isis Cazzanigi taught Kinder Ready workshops in May for the parents of children who will be coming into Kindergarten in the fall. There are hour-long workshops focused on different areas of emphasis.

The first is focused social-emotional skills. It's about giving young students the tools needed to adapt to a new situation so they aren't so nervous, Anderson said.

"(It's) about how to get them emotionally ready to start this big experience that is brand new for them," she said. "How to get them socially ready to be around all these new kids, how can they make friends, things like that."

The second session is about fine and gross motor skills.

"So that's talking about muscles in their hands and their physical body," Anderson said. "How that's connected to learning and how to get them ready for that so that they're not so tired at the end of the day."

The schedule change can take some getting used to for little ones who were used to maybe spending a half day at preschool or early learning center, and that's important for parents to take into consideration.

The third class is all about literacy.

"We teach them all about reading and writing and

what they need to have to come to school," she said.

And the fourth class is focused on math. Cazzanigi said the workshops give many parents peace of mind.

"As their kids are going through that transition it's important for them to feel reassured that we'll take care of the kids and they will eventually learn how to be a student," Cazzanigi said.

Anderson said she hopes the parents and children who took the time to attend the workshops feel much more prepared and at ease about the year ahead.

"I'm so happy the district is letting us do this program because my experience as a mom and a kindergarten teacher I know I would have loved to have known these things as a parent because if you don't know what to expect in kindergarten and what they should know then it's hard to be prepared," she said.

If you have a young learner who will be entering kindergarten and want to read and review the slides Anderson and Cazzanigi used for their Kinder Ready Sessions, you can do that online here: <https://www.eastmont206.org/parents-community/kindergarten-information/kindergarten-readiness>

You can also watch a video spotlight of the program here: <https://youtu.be/a5di2LuDiNs>

Las maestras de jardín de infantes Kaycie

Kaycie Anderson

Anderson e Isis Cazzanigi imparten talleres de Kinder Ready para los padres de niños que ingresarán a jardín de infantes en otoño. Hay talleres de una hora enfocados en diferentes áreas de énfasis.

El primero se centra en las habilidades socioemocionales. Se trata de dar a los jóvenes estudiantes las herramientas necesarias para adaptarse a una nueva situación para que no estén tan nerviosos, dijo Anderson.

"(Se trata) de cómo prepararse emocionalmente para comenzar esta gran experiencia que es completamente nueva para ellos", dijo. "Cómo prepararlos socialmente para estar cerca de todos estos niños nuevos, cómo pueden hacer amigos, cosas así".

La segunda sesión trata sobre la motricidad fina y gruesa.

"Así que eso está hablando de los músculos de sus manos y su cuerpo físico", dijo Anderson. "Cómo se relaciona esto con el aprendizaje y cómo prepararlos para que no estén tan cansados al final del día".

Puede llevar un tiempo acostumbrarse al cambio de horario para los pequeños que estaban acostumbrados a pasar tal vez medio día en el preescolar o en el centro de aprendizaje temprano, y eso es importante que los padres lo tengan en cuenta.

La tercera clase tiene que ver con la alfabetización. "Les enseñamos todo sobre leer y escribir y lo que necesitan para venir a la escuela", dijo.

Y la cuarta clase se centra en matemáticas.

Cazzanigi dijo que

First Graduates from Project SEARCH at Stemilt Set Sights on Employment

REPRINTED FROM THE PACKER

The first seven interns in the Project SEARCH program at Wenatchee, Wash.-based Stemilt Growers graduated in June — not only with a certificate, but also with experiences and support to prepare them for new work opportunities.

Project SEARCH, a transition to work program that helps secure competitive employment for people with disabilities, has prepared the interns to find work at Stemilt, in the community and in continuing education, according to a news release. It is a collaboration among Stemilt, the Eastmont School District in East Wenatchee, the Chelan-Douglas Developmental Disabilities Program, Washington's Division of Vocational Rehabilitation, the state Developmental Disabilities Administration and Link Transit.

"Each intern entered the program with various work, school and life experiences," Eastmont Transition Coordinator Michelle Sadewasser said in the release. "Throughout the past year, they have gained not only the hands-on experience of working in a business setting but increased their confidence in their own personal abilities. They gained new perspectives about certain jobs and careers and built much more independence than when they first walked into the Project SEARCH program."

Project SEARCH strives to maintain an active, ongoing program of technical assistance, program evaluation, program development and continuous improvement. The program was developed to help young people with disabilities gain real-life work experiences combined with employability training and independent living to help them successfully transition to a productive adult life, according to the release.

"I am extremely proud of our interns," Stemilt Director of Human Resources Zach Williams said in the release. "I was fortunate enough to be a part of this awesome program at Stemilt. Each intern has grown so much in their confidence and abilities. The program was extremely successful, especially for the first year! I must admit, I am sad that I won't get to see them around the workplace anymore. Although, two interns have found jobs at Stemilt!"

After graduation, three Project SEARCH interns were hired for employment within the community and at Stemilt. Emily Hensley has been hired as a professional assistant in Stemilt's finance department, and Cole Hale will also join the company as a shipping clerk. Olivia Leonhardt has been hired at ABC Learning Center in Wenatchee; Karen Cervantes will continue her education at barber school; and Josh Hernke, Kennon Watson, and Luis Perez are open to new opportunities.

"These interns have demonstrated to our staff, the Stemilt team, their families and our community as a whole that they are capable of many things if given the opportunity, time and support," Sadewasser said. "As they graduate and move on to their next endeavors, we know that Project SEARCH Stemilt has helped equip them with the knowledge, skills and experiences needed to be successful in life."

The interns joined the Project SEARCH Stemilt program in September 2022, with graduation held at Ohme Gardens in Wenatchee. A combination of Eastmont and Stemilt staff, family and friends joined to celebrate the

accomplishments of the interns with live music, a taco truck, speeches and a Project SEARCH Stemilt-themed cake custom made by a Project SEARCH skills trainer.

After the group was presented graduation certificates from Eastmont High School, intern Emily Hensley received a surprise Intern of the Year Award.

Thanks to the support from the collaborating partners, the interns set the bar high for the next to come to Project SEARCH at Stemilt, Sadewasser said. From office decoration events to celebrating birthdays, Stemilt and Project SEARCH interns built a culture of engagement in Stemilt's human resources, retail, human capital, finance, shipping, procurement and production departments throughout three internship periods, according to the release.

"It's been a learning experience for all of us," Williams said. "The Stemilt team and the Eastmont staff really put their hearts into helping these interns learn the tools they need to be successful. This wouldn't have been possible without their leadership and hard work, and we can't wait to welcome the next interns to the Project SEARCH Stemilt program in the fall."

Español

Los primeros siete pasantes del programa Project SEARCH en Stemilt Growers con sede en Wenatchee, Washington, se graduaron en junio, no solo con un certificado, sino también con experiencias y apoyo para prepararlos para nuevas oportunidades laborales.

Project SEARCH, un programa de transición al trabajo que ayuda a asegurar un empleo competitivo para personas con discapacidades, ha preparado a los pasantes para encontrar trabajo en Stemilt, en la comunidad y en educación continua, según un comunicado de prensa. Es una colaboración entre Stemilt, el Distrito Escolar de Eastmont en East Wenatchee, el Programa de Discapacidades del Desarrollo de Chelan-Douglas, la División de Rehabilitación Vocacional de Washington, la Administración de Discapacidades del Desarrollo del estado y Link Transit.

"Cada pasante ingresó al programa con diversas experiencias laborales, escolares y de vida", dijo la coordinadora de transición de Eastmont, Michelle Sadewasser, en el comunicado. "A lo largo del año pasado, no solo adquirieron la experiencia práctica de trabajar en un entorno comercial, sino que también aumentaron su confianza en sus propias habilidades personales. Adquirieron nuevas perspectivas sobre ciertos trabajos y carreras y desarrollaron mucha más independencia que cuando ingresaron por primera vez al programa Project SEARCH".

Project SEARCH se esfuerza por mantener un programa activo y continuo de asistencia técnica,

The inaugural graduating class of Project SEARCH Stemilt

evaluación de programas, desarrollo de programas y mejora continua. El programa se desarrolló para ayudar a los jóvenes con discapacidades a obtener experiencias laborales de la vida real combinadas con capacitación para el empleo y vida independiente para ayudarlos a hacer una transición exitosa a una vida adulta productiva, según el comunicado.

"Estoy extremadamente orgulloso de nuestros pasantes", dijo el director de recursos humanos de Stemilt, Zach Williams, en el comunicado. "Tuve la suerte de ser parte de este increíble programa en Stemilt. Cada pasante ha crecido mucho en su confianza y habilidades. El programa fue extremadamente exitoso, ¡especialmente durante el primer año! Debo admitir que estoy triste porque ya no podré verlos en el lugar de trabajo. ¡Aunque dos becarios han encontrado trabajo en Stemilt!"

Después de graduarse, tres pasantes del Proyecto SEARCH fueron contratados para trabajar dentro de la comunidad y en Stemilt. Emily Hensley ha sido contratada como asistente profesional en el departamento de finanzas de Stemilt, y Cole Hale también se unirá a la empresa como empleado de envíos. Olivia Leonhardt ha sido contratada en ABC Learning Center en Wenatchee; Karen Cervantes continuará su educación en la escuela de barbería; y Josh Hernke, Kennon Watson y Luis Pérez están abiertos a nuevas oportunidades.

"Estos pasantes han demostrado a nuestro personal, al equipo de Stemilt, a sus familias y a nuestra comunidad en general que son capaces de muchas cosas si se les da la oportunidad, el tiempo y el apoyo", dijo Sadewasser. "A medida que se gradúan y pasan a sus próximos emprendimientos, sabemos que Project SEARCH Stemilt los ha ayudado a equiparlos con el conocimiento, las habilidades y las experiencias necesarias para tener éxito en la vida".

Los pasantes se unieron al programa Project SEARCH Stemilt en septiembre de 2022 y la graduación se llevó a cabo en Ohme Gardens en Wenatchee. Una combinación del personal, la familia y los amigos de Eastmont y Stemilt se unieron para celebrar los logros de los pasantes con música en vivo, un camión de tacos, discursos y un pastel temático de Project SEARCH Stemilt hecho a medida por un entrenador de habilidades de

Kinder Ready (cont.)

los talleres brindan tranquilidad a muchos padres.

"A medida que sus hijos atraviesan esa transición, es importante que se sientan seguros de que los cuidaremos y eventualmente aprenderán a ser estudiantes", dijo Cazzanigi.

Anderson dijo que espera que los padres y los niños que se tomaron el tiempo para asistir a los talleres se sientan mucho más preparados y tranquilos para el próximo año.

"Estoy muy feliz de que el distrito nos permita hacer este programa porque mi experiencia como madre y maestra de jardín de infantes sé que me hubiera

encantado saber estas cosas como padre porque si no sabes qué esperar en el jardín de infantes y lo que deberían saber entonces es difícil estar preparado", dijo.

Si tiene un estudiante joven que ingresará al jardín de infantes y quiere leer y revisar las diapositivas que Anderson y Cazzaniga usaron para sus sesiones de preparación para el jardín de infantes, puede hacerlo en línea aquí.

<https://www.eastmont206.org/parents-community/kindergarten-information/kindergarten-readiness>

Project SEARCH (cont.)

Project SEARCH.

Después de que el grupo recibió los certificados de graduación de Eastmont High School, la pasante Emily Hensley recibió un premio sorpresa a Pasante del año.

Gracias al apoyo de los socios colaboradores, los pasantes pusieron el listón muy alto para los próximos en venir al Proyecto SEARCH en Stemilt, dijo Sadewasser. Desde eventos de decoración de oficinas hasta celebraciones de cumpleaños, los pasantes de Stemilt y Project SEARCH construyeron una cultura de participación

en los departamentos de recursos humanos, comercio minorista, capital humano, finanzas, envío, adquisiciones y producción de Stemilt a lo largo de tres períodos de pasantías, según el comunicado.

"Ha sido una experiencia de aprendizaje para todos nosotros", dijo Williams. "El equipo de Stemilt y el personal de Eastmont realmente pusieron su corazón en ayudar a estos pasantes a aprender las herramientas que necesitan para tener éxito. Esto no hubiera sido posible sin su liderazgo y trabajo duro, y estamos ansiosos por dar la bienvenida a los próximos pasantes al programa Project SEARCH Stemilt en el otoño".
